

Louisiana Board of Massage Therapy

9619 Interline Ave, Suite B

Baton Rouge, LA 70809

Jeff Landry
Governor

3/23/2026

In October of 2025 there was a security breach that required the Louisiana Board of Massage Therapy to remove the website to protect the data of all licensees. Although the Board has worked with the web development team diligently to have the processing function of renewals available, the office is still experiencing a delay.

We understand not having licenses until after the expiration date is causing much frustration and concern since licenses will be not be received until after the expiration date. Understandably the Board will not hold licensees and businesses responsible for a processing delay that could not be avoided and ask that employers, credentialing agencies etc. please do the same. It is important to note that at this time NO licenses are being processed by the office. Although we anticipate that the office will have the ability to renew within the next two weeks, this means processing will begin close to or after the expiration of the license on March 31st.

Rest assured that the office is working diligently to prepare to process renewals as quickly as possible and due to the small office staff of three, temp staffers will be brought in to assist with renewals once the renewals can be processed. The office will update licensees via email as well as post updates on the website letting everyone know that renewals have begun. Once processed all licensees will receive their license emailed directly from the office.

Lastly, licenses will be processed in the order received. The later a renewal packet is received, the later the license will be processed.

Thank you for your patience

Louisiana Board of Massage Therapy
